Our Lessons Can Help You...

Practical Japanese

Learn the Japanese you need for everyday life. Trash sorting, neighborhood manners, school communication, and healthcare— language learning naturally supports smoother living in Japan.

Flexible Lessons

Lessons are offered during weekday daytime hours, making it easier to learn while your family is at work or school

Lessons in Your Language

Lessons are available in English, Italian, and Japanese — so you can start in the language you're most comfortable with.

Lesson Location

Lessons are available:

- Online
- At your home
- At a location of your choice (café, community space, etc.)

No travel fee applies within Minato, Meguro, Shibuya, and Shinagawa during the Summer Campaign. Travel fees may apply outside these areas.

Group or Private Lessons

Choose between small-group and private lessons.

Group lessons may offer opportunities to meet others, while private lessons allow you to learn at your own pace.

Culture & Connections

Language learning can open the door to cultural experiences and new connections, such as tea ceremony sessions or local events.

Complimentary 90-Minute
Trial Lesson
(Regular trial: 60 minutes)
